

Berman Fink Van Horn Takes Action to Protect Children of Metro Atlanta as a Darkness to Light “Partner in Prevention”

Atlanta, Georgia – [Berman Fink Van Horn](#) has achieved “[Partner in Prevention](#)” status, a designation awarded by the nonprofit Darkness to Light to organizations which take extra steps to protect children by training staff to understand the issue of child sexual abuse, identify unsafe situations and practices and react responsibly in the best interest of children.

Berman Fink Van Horn earned the “Partner in Prevention” designation by providing *Stewards of Children* training to more than 90 percent of its management and staff. This evidence-informed program is scientifically proven to help participants prevent and respond to child sexual abuse. “Partner in Prevention” was created as a national standard to help parents and caregivers recognize organizations that take child protection seriously by implementing policy and training staff to prevent child sexual abuse.

Statistics show that one in 10 children will be sexually abused before the age of 18. Darkness to Light is an international organization that leads the movement to end child sexual abuse by educating and empowering adults in education, youth serving organizations, and communities to protect children.

“Our firm believes in its responsibility to the community and is determined to make a difference in the lives of children who are unable to protect themselves,” said Lawrence Kasmen, a Shareholder at Berman Fink Van Horn and a past Member of the Georgia Center for Child Advocacy Board of Directors. “I am proud of the commitment that our attorneys, management and staff have made and encourage other law firms and organizations to follow our lead.”
